NDE Website Planned Outage

- Due to needing to shutdown and physically move some servers, many of NDE's systems will be **offline** for part of the day on **Thursday March 24, 2022**.
- Systems Affected include:
 - The [NDE Portal](#) and **all** apps accessed through it
 - ADVISER Validation, Person ID, Staff Reporting, etc.
 - Several public websites such as the NEP, Education Directory, Annual Financial Report, NECPRS Early Childhood Professional Records
 - Parts of GMS and Teacher Certification could be affected (parts that interact with NDE staff data live)

NDE Website Planned Outage

- Systems not affected:
 - Most of NDE's [public website](#)
 - The ADVISER Ed-Fi API (districts may continue to publish data without getting errors, but no access to the ADVISER Validation website)
- NDE will send out a bulletin to all users and post a message on the portal about this outage within the next day, and another reminder bulletin next week
