

ADVISER Status Update

February 8, 2023

What's next in 2022-2023

- Adding new Instructional Unit reports using the new planned minutes field, as mentioned in prior webinars
 - Note – we are in the process of reorganizing the webinar website soon, all prior videos will be posted to YouTube, see full playlist [here](#)
- New CRDC reports for 21-22 OCR submission
 - **No dates announced yet by OCR but it is expected to occur in Summer 2023**, hopefully after end of year reporting. NDE will attempt to update list of Superintendents with OCR before then.
 - Based on how last year went the new idea is for NDE to offer districts a CRDC format file through ADVISER Validation that can be viewed, exported as a .CSV file, then uploaded by yourself to OCR with no intervention from NDE

2023-2024 ADVISER Planning

- NDE will soon begin working with [EdWise Group](#) on moving ADVISER to the Microsoft Azure cloud for 23-24
- EdWise Group is a company formed by developers that have a lot of experience with Ed-Fi in Arizona
- Most of this cloud change will be behind the scenes so districts may not even notice, but requires a lot of infrastructure changes at NDE/ESUCC
- EdWise will also help set up ADVISER for 23-24 with the latest version of Ed-Fi
- More details to come in upcoming webinars

2023-2024 ADVISER Planning

- NDE starting to work out some additional fields to be collected in SPED programs – these have not been officially approved yet
 - IEP/IFSP Begin Date – the date the student’s current IEP/IFSP took effect, generally updates each year
 - Optional reporting of additional disabilities
 - Some vendors already unofficially support these fields, others may have to add
- NDE working to get 23-24 course codes published in March
 - Expect changes in Art course codes, look for a webinar on this topic in the next few months

Additions to the NEP

- NDE recently added some new tables to the 21-22 NEP per USDE request
 - Performance > NSCAS and ACT details
 - Added the “Not in SPED” and “Not Free or Reduced Lunch” subgroups
 - Performance > Participation (by subject)
 - Added a new chart that shows the count of Recently Arrived Immigrant English Learners
 - In the first year after immigrating a student is excused from AQuESTT Status, Non-Proficiency, and Growth indicators
 - In their second year, they are excused from Status and Non-Proficiency, but not Growth
 - Performance > Students With Accommodations
 - New page that counts the number of students who had accommodations on their statewide assessment

Additions to the NEP

- NDE recently added some new tables to the 21-22 NEP per USDE request
 - Performance > Other Assessments > NWEA
 - Added performance from MAP
 - Performance > Other Assessments > NAEP
 - Added performance numbers for subgroups that NAEP publishes
 - Performance > CRDC (coming soon)
 - 20-21 CRDC public results have not been posted yet by OCR, so NDE needs to post 17-18 CRDC results for some areas that are not already covered by the NEP (discipline)
 - Financial
 - 21-22 data has been posted
