ADVISER Status Update

April 12, 2023

ADVISER Instructional Units Report

- The new Instructional Unit Subject Area Totals report is now available on ADVISER Validation:

Instructional Unit Subject Area Totals	Counts of instructional unit totals by subject area reported at high schools, as calculated using the Instructional Time Planned field (900 minutes = 1 IU). This data is updated overnight based on submitted course offering data for courses that include a primary teacher and at least one grade 9-12 student that has not withdrawn.	Year-End

- The new warning #795 is also active now:

795	High School Course With No Planned Instructional Time Reported	Warning	Warning - a high school course section was reported having zero minutes for the Instructional Time Planned field. Without this field being provided, this course section is not able to be counted for Rule 10 Instructional Unit totals. Please update the Course Offering record associated with the section in order to provide the number of instructional minutes in that field if needed.	Course Sections / Grades

ADVISER Instructional Units Report

- These course reports have been updated to include the new Instructional Time Planned and Course Attempt Status fields

ADVISER Instructional Units Report

- This is how ADVISER collects course section data:

School	State Course Code	Local Course	Section	Term	Teacher ID	Minutes
00-0000-001	050021	9th Grade English	001-12345-YL	Year Long	1234567890	7632
00-0000-001	050022	10th Grade English	001-12345-S1	Semester 1	1234567890	3766
00-0000-001	050022	10th Grade English	001-12345-S2	Semester 2	1234567890	3866

- Schools do not get IU credit for every section however, this is the only data that the IU calculation looks at:

School	State Course Code	Term	Minutes
00-0000-001	050021	Year Long	7632
00-0000-001	050022	Semester 1	3766
00-0000-001	050022	Semester 2	3866

ADVISER Instructional Units Report

- Data is grouped by state course code, and unique term codes (which allows us to handle year long courses that have been split into semesters), minutes are converted to IUs, then summed:

School	State Course Code	Term	Minutes		IUs
00-0000-001	050021	Year Long	7632	/ 900 =	8.48
00-0000-001	050022	Semester 1	3766	/ 900 =	4.18
00-0000-001	050022	Semester 2	3866	/ 900 =	4.30
	05 = English				**16.96**

- If there are multiple sections with the same course code *and term code*, they will be collapsed into one to avoid doubling credit. If they have different planned minutes, these will be averaged before calculating.

School	State Course Code	Term	Minutes	Average		IUs
00-0000-001	050022	Semester 1	3766			
00-0000-001	050022	Semester 1	3866	3816	/ 900 =	4.18
						4.18

ADVISER Instructional Units Report

- Coming later this month: % of Teachers Properly Endorsed Rule 10 report

Teachers Properly Endorsed Percentages

ADVISER Instructional Units Report

- Course data and therefore Instructional Units are part of the year end data collection due June 15

- However, as the process is new this year and districts may not be familiar with how to report this data, the NDE Accreditation office will start early reviewing this data on **May 1**, with the hope that everyone's IU data is accurate by June 30

- The Instructional Minutes Planned field is part of the "Course Offering" data in ADVISER, you may need to fill in those minutes and then republish your course schedule to get this data to come through

What's next in 2022-2023

- Adding new Teachers Properly Endorsed report using the new planned minutes field, as mentioned in prior webinars
- New CRDC reports for 21-22 OCR submission
  - **No dates announced yet by OCR but it is expected to occur in Summer 2023**, hopefully after end of year reporting. NDE will attempt to update list of Superintendents with OCR before then.
  - Based on how last year went the new idea is for NDE to offer districts a CRDC format file through ADVISER Validation that can be viewed, exported as a .CSV file, then uploaded by yourself to OCR with no intervention from NDE

2023-2024 ADVISER Updates

- One more change has been approved for 23-24:

The Language Instruction Program descriptor has had the 07 "Other" code removed.

Updated LANGUAGE INSTRUCTION

Use:		Dashboard	X	State Reporting		CRDC

Resource: /StudentLanguageInstructionProgramAssociation/LanguageInstructionProgramServices/
LanguageInstructionProgramServiceDescriptor
Definition: Describes the methods used to provide English Language services. At least one must be reported if the student is an English Learner Participant; more than one is also possible.

- The 23-24 Changes and Interchange documents have been published on the vendor resources website
- NDE should send out invites to the 23-24 vendor sandboxes next week (having to make a last minute fix due to a change in the v6.1 Ed-Fi API)
